## 1. INTRODUCTION

### 1.1 GENERAL

- 1.1.1 These Standing Financial Instructions (SFIs) shall have effect as if incorporated in the Constitution - Standing Orders (SOs) of the Trust.
- 1.1.2 These SFIs detail the financial responsibilities, policies and procedures to be adopted by the Trust. They are designed to ensure that its financial transactions are carried out in accordance with the law and the requirements of the Independent Regulator in order to achieve probity, accuracy, economy, efficiency and effectiveness. They should be used in conjunction with the Schedule of Decisions Reserved to the Board and the Scheme of Delegation adopted by the Trust.
- 1.1.3 These SFIs identify the financial responsibilities which apply to everyone working for the Trust and its constituent organisations including Trading Units. They do not provide detailed procedural advice. These statements should therefore be read in conjunction with the detailed departmental and financial procedure notes. All financial procedures must be approved by the Director of Finance.
- 1.1.4 Should any difficulties arise regarding the interpretation or application of any of the SFIs then the advice of the Director of Finance **MUST BE SOUGHT BEFORE ACTING**. The user of these SFIs should also be familiar with and comply with the provisions of the Trust's Constitution - SOs.

**FAILURE TO COMPLY WITH SFIs and Trust's Constitution IS A DISCIPLINARY MATTER WHICH COULD RESULT IN DISMISSAL.**

## APPENDIX 1. PURCHASING AND TENDERING

### 1.0 INTRODUCTION

- 1.1 The Trust's Standing Financial Instructions (SFI's) set out procedures to be adopted in obtaining goods and services.
- 1.2 This supplementary procedure note deals with the setting of thresholds above which quotations (competitive or otherwise) or formal tenders must be obtained and detailed procedures in relation to purchasing and tendering and considers the correct authorization procedures for the following stages of procurement:
1. Levels at which Procurement Activity must take place (Section 2)
  2. Approvals required to commence Procurement activity (Section 3)
  3. Approvals required to commit the Trust to expenditure (Section 4)
  4. Approvals required to raise a Purchase Order and/or sign a Contract (Section 5)

### 2.0 LEVELS AT WHICH PROCUREMENT ACTIVITY MUST TAKE PLACE

- 2.01 The Trust must ensure that goods and services are procured in an efficient manner and are purchased at the most competitive price.
- 2.02 Tendering activity will depend on the whole life costs (this may include but is not limited to, cost of the goods or services, associated ongoing consumables, licences, service and maintenance, disposal costs) and will follow the route summarised in table 2.01

Table 2.01

Whole life costs (inc VAT)	£0 - £10,000	£10,001 - £50,000	£50,001 - £181,302*	£181,302* and above
No formal activity	Yes			
Minimum Three Written Quotations		Yes		
Full Tendering Process			Yes	
EU Tendering Process or Framework				Yes

*\*Current 2018-19 EU threshold for Supplies and Services. Threshold for Works currently £4,551,413. Note that these values are set every 2 years on 1<sup>st</sup> January.*

- 2.03 In addition to the Trust delegated tendering limits, attention must be paid to the regulations governing procurement within the European Union. In all cases advice should be sought from the Associate Director of Procurement to ensure compliance with appropriate thresholds.

- 2.04 If the purchase has an IM&T component (this may include access to the Trust network, a provision of software or hardware) then authority for approval must also be given by the Digital Services Operational Group . If in doubt advice from the IM&T department should be sought.
- 2.05 If the purchase involves the capturing or transmitting of patient identifiable data (PID) then authority for purchase must also be given by the Head of Information Governance.

## **2.1 COMPETITIVE AND NON-COMPETITIVE QUOTATIONS (Whole Life Costs £50,000 inc VAT and under)**

Three competitive quotations must be obtained for all contracts and services where the value is not expected to exceed £50,000 including applicable VAT .

## **2.2 COMPETITIVE TENDERING (Whole Life Costs over £50,000 inc VAT)**

- 2.2.1 The Trust must ensure that goods and services are procured in an efficient manner at the most economically advantageous price either through a tender process or compliant use of existing national or local contracts The standard method of procurement will be by competitive tender through the Trust's e-tendering solution for goods or services expected to cost in excess of £50,000 including VAT.
- 2.2.2 Officers should involve the Associate Director of Procurement or nominated Deputy in choice of supplier, price negotiation and in the procurement process for all goods and services.
- 2.2.3 Where the supplier being used is nationally or regionally approved, and/or they are providing a continuous supply in operational terms, it may be appropriate to use annual orders duly authorised as appropriate. Annual orders must include a clear schedule of the items being ordered, their agreed individual prices, an estimate of the volumes required of each item for the period of the order and hence an agreed total cost which must not be exceeded. The advice of the Associate Director of Procurement or nominated Deputy should be sought when establishing such annual orders to ensure that the correct format is applied and that value for money is obtained.
- 2.2.4 No single supplier or single annual order should be used for a period in excess of 12 months, where the costs incurred during that period exceed £25,000, without the requisitioner demonstrating value for money. The advice of the Associate Director of Procurement or nominated Deputy should be sought. Where this advice is not sought or not acted upon the requisitioner must advise the Chief Executive in writing seeking waiver of this rule.

## 2.3 TENDERING PROCEDURES

- 2.3.1 Wherever possible tenders shall be advertised, issued and submitted on the Trust's e-tendering system and the Government Contracts Finder.
- 2.3.2 Where not practical or possible tenders may be received as hard copies. In this case all written tenders shall be addressed to the Chief Executive.
- 2.3.3 All invitations to tender on a competitive basis shall state that no written tender will be accepted unless submitted in either:-
- a) A plain, sealed package bearing a pre-printed label supplied by the Trust (or the word "Tender", followed by the subject to which it relates and the latest date and time for the receipt of such tender); or
  - b) in a special envelope supplied by the Trust to prospective tenders, and that tender envelopes/packages shall not bear the names or marks indicating the sender.
- 2.3.4 Every tender for building and engineering works, except any tender for maintenance work only, shall embody or be in the terms of the current Agreement for Minor Building Works issued by the Joint Contract Tribunal as appropriate.
- For major projects, especially those un under P21+ or P33, the NEC Contract shall be used.
- 2.3.5 The date and time of receipt of each tender shall be endorsed on the unopened tender envelope/package. Tenders submitted via e-tendering will be electronically date and time stamped.
- 2.3.6 The Trust shall designate an officer or officers, not from the originating department, to be responsible for the receipt, endorsement and safe custody of tenders received until the time appointed for their opening. Tenders submitted via e-tendering will remain electronically locked to all Trust staff until the end time for receipt of tenders has passed.
- 2.3.7 As soon as practicable after the date and time stated as being the latest time for the receipt of tenders they shall be opened in the presence of two officers at least one of which must be an Executive member of the Board.

Tenders submitted via e-tendering shall be opened by senior Procurement staff. The system shall automatically record the date, time and member of staff opening the tender.

- 2.3.8 Every tender received shall be recorded to show for each set of competitive tender invitations despatched: -
- a) the names of all firms invited;
  - b) the names of and the number of firms from which tenders have been received, and the amount for each tender;
  - c) the date the tenders were opened; and
  - d) the record shall be signed by the persons present at the opening.

For tenders received via e-tendering this information will be electronically recorded.

- 2.3.9 Except as in paragraph 2.3.11 below a record shall be maintained of all price alterations on tenders, i.e. where a price has apparently been altered, the final price shown shall be recorded. The record shall be initialled by two of those present at the opening.

Alterations to tenders submitted via e-tendering will be electronically marked.

- 2.3.10 A report shall be made in the record if on any one tender price alterations are so numerous as to render the procedure at paragraph 2.3.9 above unreasonable.
- 2.3.11 For procurements with whole life costs above £100,000 inc VAT, tenders received after the due time and date may be considered only if the Chief Executive decides that there are exceptional circumstances, e.g. where marked financial, technical or delivery advantages would accrue, and is satisfied that there is no reason to doubt the bona fides of the tenderers concerned. The Chief Executive shall decide whether such tenders are admissible and where re-tendering is desirable.
- 2.3.12 Technically late tenders (i.e. those despatched in good time but delayed through no fault of the tenderer) may be regarded as having arrived in due time.
- 2.3.13 Incomplete tenders (i.e. those from which information necessary for the adjudication of the tender is missing) and amended tenders (i.e. those amended by the tenderer upon his own initiative either orally or in writing after the due time for receipt) should be dealt with in the same way as late tenders.

- 2.3.14 Necessary discussion with a tenderer of the contents of his tender, in order to elucidate technical, etc, points before the award of a contract, need not disqualify the tender.
- 2.3.15 While decisions as to the admissibility of late, incomplete, or amended tenders are under consideration and while re-tenders are being obtained, the tender documents shall be kept strictly confidential and held in safe custody by an officer designated by the Chief Executive.

For tenders submitted via e-tendering, the tenders will remain electronically unopened.

- 2.3.16 In all competitive procurements, the most economically advantageous tender/quotation (MEAT) must be accepted.
- 2.3.17 Where only one tender/quotation is sought and/or received, the Trust shall, as far as is practicable, ensure that the price to be paid is fair and reasonable.

## **2.4 CONDITIONS FOR WAIVER**

- 2.4.1 The procurement of goods and services with whole life costs in excess of £10,000 inc VAT must be competed. This requirement may, in exceptional circumstances, be waived.
- 2.4.2 If the goods or services cannot be procured compliantly through a current, local or national framework or an award is not made to the bidder offering the most economically advantageous tender, then, the procurement may be waived under the following circumstances, where in the opinion of the relevant Director based on an application to waiver by the end user:
- a. there is only one supplier and no reasonably satisfactory alternative product/service;
  - b. competition would be impractical, impossible or not beneficial;
  - c. the work for practical reasons must be of the same manufacture, for instance repairs/spare parts for existing equipment;
  - d. where it is known that a marked financial advantage will accrue to the Trust from making a spot purchase of products subject to quickly changing market conditions.

For b and d the detail shall be documented and the authorisation counter-signed (this may be electronic counter signature through the Trust's e-procurement system) by the Associate Director of Procurement or nominated Deputy in confirmation of such circumstances.
