Author	Dr Helen Powell Sandhya Kalsi, Clinical Matron	Department	Thoracic medicine / Endoscopy, FPH		
Ref. No	H/056/1	Issue Date	November 2018	Review Date	November 2021

Legal Notice

Please remember that this leaflet is intended as general information only. We aim to make the information as up to date and accurate as possible. Please therefore always check specific advice or any concerns you may have with your doctor.

Department of Thoracic Medicine / Endoscopy Unit

Frimley Park and Wexham Park Hospitals

Discharge information for patients after Bronchoscopy and EBUS

□ **You have had IV sedation, therefore you must:**

- have a responsible adult to care for you at home
- **not** drink alcohol
- **not** drive a vehicle, operate heavy machinery or sign any legal documentation for 24 hours
- have plenty of rest at home, as the sedative can make you feel tired and lethargic.

□ **You have had Throat Spray or nasal gel:**

- you must not eat and drink for one hour as the spray/gel numbs your throat and can temporarily affect your swallowing
- after this time, you can start with sips of water/ cool liquids.

□ **After your procedure:**

- you may experience a sore throat or hoarse voice.
- you may cough up a small amount of blood or phlegm, this usually lasts for up to 48 hours.
- you may experience fevers for a day or two. Provided you feel well otherwise, you do not need to see a doctor or take antibiotics (unless you have been told to do so after your procedure).
- you can return to your normal activities 24 hours after your bronchoscopy.
- you should restart your medications on the day of your procedure unless otherwise instructed.
- if you usually take blood thinners or antiplatelet medicine, please ensure your doctor or nurse has given you instructions about when to restart them.

□ **Things to watch out for:**

- fevers lasting more than 48 hours
- coughing up a large amount of blood (more than a tablespoon at once)
- feeling unusually short of breath
- feeling generally unwell

□ **If you are concerned please call us:**

If you had your procedure at Frimley Park hospital

Monday-Friday 8.00am-6.00pm, the Endoscopy Unit nurses are available for advice on 01276 526045.

Outside these hours, please call the Medical advice line on 01276 649770 (this service is available 24 hours 7 days a week).

If you had your procedure at Wexham Park hospital

Monday-Friday 9.00am-5.00pm, call the chest clinic for advice on 01344 877919 (then option 4 for specialties, then option 3 for respiratory team).

In an emergency, please attend your nearest Emergency Department or call 999. You must bring your endoscopy report back with you to show to the doctor / nurse.
